Amplifying on social media

With thousands of members on social media these days, it makes it a perfect way to get out important information and organize members and allies to take action. And an opportunity to provide factual information to counter the false narratives.

DOWNLOAD VOTE YES IMAGE

I'm voting YES in our Strike Vote because a strong YES vote is key to getting a better contract at the bargaining table. It shows the Ford government we are unified and ready to fight back together, if necessary. It does not mean we will strike, just that we could, which is a strong tool in the back pocket of the negotiating team. Vote YES with me!
